# WHAT FACULTY ARE SAYING ABOUT CRLT:

*"Evaluating the course in a 'planful,' structured way as part of a CRLT grant has caused me to be a lot more attentive to my course planning and class planning and has increased my enthusiasm."*

*"The inclusive teaching workshop was a total success! It's got our hallways buzzing with energy. It has certainly jumpstarted important conversations."*

*"The CRLT consultant did a fantastic job of soliciting useful, frank feedback from students. Both the GSI and I made use of this feedback. I will strongly recommend this service to my colleagues."*

*"Participating in CRLT workshops helps make the university feel a little smaller. It's quite energizing to learn about what other instructors are doing and/or struggling with in their teaching and learning. Thank you!"*
